

Duplicate Bridge Etiquette

How to avoid getting a NO-PLAY

Save the chit-chat or review of a hand until after you have played ALL the boards in the round.

Make your opening lead immediately after the third pass; THEN do your clerical notations.

Play your cards **expeditiously**;
spots do not improve with age.

This is really just about courtesy.

If you are forcing others to wait because of your actions, you are the problem.

Let's all be nice to each other!
